

# Marcellus Shale Underlying Drinking Water Supplies in George Washington National Forest

Map created September 28, 2010

Data Sources: Marcellus Shale (USGS, 2002); National Forest Boundaries (US Forest Service, 2009); Shenandoah National Park (National Park Service, 2009); Drinking Water Watersheds (Wild Virginia & VA DGIF, 2005); County Boundaries and Hillshade (ESRI, 2009)

Disclaimer: The marcellus shale areas are recommended to be interpreted at 1:2,000,000 scale or less, however this map is 1:350,000 scale, so delineations of marcellus shale should be interpreted with this difference in mind.

Albemarle Co.
